3-300 Central Contractor Registration

07/01/2007

(a) Definitions.

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the CCR database" means that-

- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
- (2) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The Contractor will be required to provide consent for TIN validation to the Government as a part of the CCR registration process.
- (b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
- (2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.
- (c) If the offeror does not have a DUNS number, it may obtain one by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at http://www.dnb.com. Vendors located outside the United States should contact the local Dun and Bradstreet office to request a DUNS number.
- (d) If the Offeror does not become registered in the CCR database within the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (g) Change of Name and Novation Agreements:
- (1) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (i) change the name in the CCR database; (ii) comply with the requirements of Paragraph 7.8.10 of the JP3; and (iii) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.
- (2) If the Contractor fails to comply with the requirements of paragraph (g)(1) of this clause, or fails to perform the agreement at paragraph (g)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be

considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

- (h) Assignment of Claims. The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than the Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.
- (i) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at http://www.ccr.gov or by calling 1-888-227-2423, or 269-961-5757.

(END)

3-305 Payment by Electronic Funds Transfer-Central Contractor Registration

07/01/2007

- (a) Method of payment.
- (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause.
- (2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-
- (i) Accept payment by check or some other mutually agreeable method of payment; or
- (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).
- (b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.
- (c) Mechanisms for EFT payment. The Government will make payment by EFT through the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.
- (d) Suspension of payment. If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice shall be deemed not to be a proper invoice.
- (e) Liability for uncompleted or erroneous transfers.
- (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-
- (i) Making a correct payment; and
- (ii) Recovering any erroneously directed funds.
- (2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-
- (i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or
- (ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.
- (f) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to JP3 Subpart 7.7.7, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

- (g) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.
- (h) Payment Information. The Administrative Office of the U.S. Courts will not provide EFT payment information. Payment information may be obtained by registering as a payee vendor with the United States Department of the Treasury. Registered vendors may retrieve and/or review check stub advice each time an EFT payment is received. The Treasury registration web site is:

http://www.fms.treas.gov/paid/PAIDfaq.asp

If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the check and any other payment information to the remittance address contained in the CCR database.

L-0 Special Instructions to Bidders

10/17/2008

In an effort to maximize our options and as a cost reduction measure, the workshops will start on either Monday or Tuesday as referenced on Attachment 1 – Pricing Worksheet. All technically acceptable proposals will be considered for any number (one or more) of proposed workshops; however, only one alternative will be selected for each session.

Hotels may quote one or more sessions; however, we encourage hotels to provide an applicable discount structure for the award of multiple/all sessions.

Offerors shall identify the closest metro station; and address each of the mandatory requirements in Section C in sufficient detail for evaluators to make a determination that the requirements have been met. Documentation must include, but is not limited to, providing a copy of the existing policies for risk abatement-mitigation plan and/or emergency plans for remedying situations that might impact the workshops and/or the quality of lodging for attendees (for example, inoperative audiovisual equipment, plumbing issues, excessive noise from adjoining rooms to meeting areas, construction disturbances, etc.).

Proposals will be accepted electronically (robert_grinstead@ao.uscourts.gov), by fax (202-502-1066) or hand-carried or mailed (1 Columbus Circle, Wash DC 20544, OIS-PMD, 502-2053); however, all transmissions must be properly addressed to the Contracting Officer and must be received by the closing date/time referenced on the cover page. All proposed costs shall be referenced on Attachment 1.

- (a) Offerors are responsible for submitting offers, and any modifications or withdrawals, so as to reach the judiciary office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offers are due.
- (b) (1) Any offer, modification, or withdrawal received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines that accepting the late offer would not unduly delay the procurement; and:
- (i) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (ii) there is acceptable evidence to establish that it was received at the judiciary installation designated for receipt of offers and was under the judiciary's control prior to the time set for receipt of offers.
- (2) However, a late modification of an otherwise successful offer that makes its terms more favorable to the judiciary, will be considered at any time it is received and may be accepted.
- (c) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
- (d) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the judiciary office designated for receipt of offers by the exact time specified in the solicitation and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.
- (e) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in Provision 3-115, "Facsimile Offers." An offer may be withdrawn in person by an offeror or its authorized representative, if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

3-100 Instructions to Offerors 01/01/2003

- (3) Submission, modification, revision, and withdrawal of offers
- (i) Offerors are responsible for submitting offers, and any modifications or revisions, so as to reach the judiciary office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offer or revision is due.
- (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:
- (1) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (2) there is acceptable evidence to establish that it was received at the judiciary installation designated for receipt of offers and was under the judiciary's control prior to the time set for receipt of offers; or
- (3) it is the only offer received.
- (ii) (B) However, a late modification of an otherwise successful offer that makes its terms more favorable to the judiciary, will be considered at any time it is received and may be accepted.
- (iii) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
- (iv) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the office designated for receipt of offers by the exact time specified in the solicitation, and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.
- (v) Offers may be withdrawn by written notice received at any time before award. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the JP3 Provision, "Facsimile Offers". Offers may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.
- (4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.
- (5) Offerors shall submit offers in response to this solicitation in English and in U.S. dollars.
- (6) Offerors may submit modifications to their offers at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.
- (7) Offerors may submit revised offers only if requested or allowed by the contracting officer.
- (8) Offers may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the contracting officer.
- (d) Offer expiration date. Offers in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).

- (e) Restriction on disclosure and use of data. Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:
- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this offeror as a result of-or in connection with the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets]; and

(2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.

- (f) Contract award.
- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
- (3) The judiciary may waive informalities and minor irregularities in offers received.
- (4) The judiciary intends to evaluate offers and award a contract without discussions with offerors (except clarifications). Therefore, the offeror's initial offer shall contain the offeror's best terms from a cost or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.
- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the judiciary's best interest to do so.
- (7) Exchanges with offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.
- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in postaward debriefings to other offerors:
- (i) the overall evaluated cost or price and technical rating of the successful offeror;
- (ii) the overall ranking of all offerors, when any ranking was developed by the judiciary during source selection;
- (iii) a summary of the rationale for award; and
- (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful offeror.

3-115 Facsimile Offers 01/01/2003

(a) *Definition.* "Facsimile offer," as used in this provision, means an offer, revision or modification of an offer, or withdrawal of an offer that is transmitted to and received by the judiciary via facsimile machine.

- (b) Offerors may submit facsimile offers as responses to this solicitation. Facsimile offers are subject to the same rules as paper offers.
- (c) The telephone number of receiving facsimile equipment is: 202-502-1055.
- (d) If any portion of a facsimile offer received by the contracting officer is unreadable to the degree that conformance to the essential requirements of the solicitation cannot be ascertained from the document:
- (1) the contracting officer immediately will notify the offeror and permit the offeror to resubmit the offer;
- (2) the method and time for re-submission will be prescribed by the contracting officer after consultation with the offeror; and
- (3) the re-submission will be considered as if it were received at the date and time of the original unreadable submission for the purpose of determining timeliness, provided the offeror complies with the time and format requirements for resubmission prescribed by the contracting officer.
- (e) The judiciary reserves the right to make award solely on the facsimile offer. However, if requested to do so by the contracting officer, the apparently successful offeror promptly shall submit the complete original signed offer.

3-210 Protests 08/01/2004

- (a) The protestor has a choice of protest forums. It is the policy of the judiciary to encourage parties first to seek resolution of disputes with the contracting officer. If the dispute cannot be resolved with the contracting officer, then it is the policy of the judiciary to encourage parties to seek a judiciary resolution of disputes with the Administrative Office of the United States Courts. However, if a party files a formal protest with an external forum on a solicitation on which it has filed a protest with the judiciary, the judiciary protest will be dismissed.
- (b) Judiciary protests will be considered only if submitted in accordance with the following time limits and procedures:
- (1) any protest shall be filed in writing with the contracting officer designated in the solicitation for resolution of the protest. It shall identify the solicitation or contract protested and set forth a complete statement of the alleged defects or grounds that make the solicitation terms or the award or proposed award defective. Mere statement of intent to file a protest is not a protest.
- (2) a protest shall be filed not later than ten (10) calendar days after the basis of the protest is known, or should have been known. A protest based on alleged improprieties in a solicitation which are apparent prior to the closing date for receipt of offers, shall be filed prior to the closing date for receipt of offers. The judiciary, in its discretion, may consider the merits of any protest which is not timely filed. The office hours of the Administrative Office are 8:30 a.m. to 5:00 p.m., eastern time. Time for filing a document expires at 5:00 p.m., eastern time, on the last day on which such filing may be made.
- (3) the protest shall include the following information:
- (i) name, address, and fax and telephone numbers of the protester or its representative;
- (ii) solicitation or contract number;
- (iii) detailed statement of the legal and factual grounds for the protest, to include a description of resulting alleged prejudice to the protester;
- (iv) copies of relevant documents;
- (v) request for a ruling by the judiciary;
- (vi) statement as to the form of relief requested;
- (vii) all information establishing that the protester is an interested party for the purpose of filing a protest; and
- (viii) all information establishing the timeliness of the protest.
- (c) Protests that are filed directly with the judiciary, and copies of any protests that are filed with an external forum, will be served on the contracting officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from Admin Office of the U.S. Courts, 3-250 Thurgood Marshall Federal Judiciary Bldg, One Columbus Circle, N.E., Wash, DC 20544; Attn: R. Grinstead (OIS-PMD)

(d) The copy of any protest shall be received in the office designated above within one day of filing a protest with an external forum.

Section M - Evaluation Factors for Award

3-70 Determination of Responsibility

01/01/2003

A determination of responsibility will be made on the apparent successful offeror prior to contract award. If the prospective contractor is found non-responsible, that offeror will be rejected and will receive no further consideration for award. In the event a contractor is rejected based on a determination of non-responsibility, a determination will be made on the next apparent successful offeror.

M-0 Evaluation Criteria 12/12/2008

Proposals will be evaluated on the following mandatory requirements. Only proposals that meet these requirements will be evaluated further. Attachment 1 will be used to perform a price evaluation that will result in a single award for each session to the technically acceptable, low-priced offeror. Both alternatives for each session will be evaluated to determine the lowest priced, technically acceptable offer for each session.

Compliance with Mandatory Requirements:

- Abides by federal, state and local rules and regulations (3.1);
- Is located within ¾ miles of the referenced metro stations (Sec C) and located within the referenced highlighted areas (3.2);
- Currently rated with at least three diamonds per the American Automobile Association (AAA) (3.3);
- No construction scheduled during workshop (3.4);
- Professional and customer-oriented Hotel POC(s) designated (3.5);
- Written risk abatement-mitigation &/or emergency plan provided and addresses all requirements (3.6);
- Guest Rooms properly quoted and all requirements addressed, including subsections (3.7);
- Meeting Room(s) requirements and other accommodations addressed (3.8);

- Refreshments addressed (3.9);
- Agrees to maximum government liability terms.

After making a determination as to the lowest priced, technically acceptable offer for each session, a Government review team will make an on-site suitability assessment and validate the accuracy of statements made in the proposal (e.g., metro station distance, cleanliness of facilities, accommodations, and professionalism/customer service skills of the Hotel staff.). If there are inconsistencies the next lowest prices technically acceptable hotel will be evaluated with an on-site suitability validation. This process will continue until all the workshops are awarded.
